## SKILLS

### PROGRAMMING

Proficient:

• HTML • CSS • C

Intermediate:

• Python • Java

Familiar with:

• PHP

### TOOLS/PLATFORMS

• GitHub

## PROJECTS

### QUIZ WEB APPLICATION-Brainzz | HTML, CSS, JavaScript, PHP, and the Ajax

2022-2023

Brainzz is a full-stack web development project utilizing HTML, CSS, JavaScript, PHP, and the Ajax framework. It is a web quiz application designed for kids with two user types: teachers (admins) and students. Teachers log in with credentials to access the dashboard where they can add questions and five options, four for students and one for assessment. Students select their age, start the exam, and receive result graphs along with YouTube video recommendations.

### RESTAURENT HOME PAGE | HTML, CSS

May-2023

<https://pranavshirsat06.github.io/Restaurent-Home-Page/>

The HTML and CSS-built restaurant home page offers a captivating and eye-catching experience. It has an eye-catching logo in the header and simple navigation. The primary content features mouthwatering food illustrations, descriptions, and costs. An immersive user experience is made possible by the design's incorporation of CSS styling for responsiveness.

### CHAIR SHOP HOME PAGE | HTML, CSS

June-2023

<https://pranavshirsat06.github.io/Chair-Shop/>

The chair shop homepage contains an attractive and straightforward user interface that was simply designed using HTML and CSS. It includes an easily navigable navigation menu and a header section featuring the shop's logo. A variety of chairs are shown in the main content area, along with information about their costs and designs. A seamless and interesting shopping experience is created by the design, which uses CSS styling for consistent color, font, and spacing.

## EDUCATION

### MUMBAI UNIVERSITY

BACHELOR'S IN

COMPUTER SCIENCE AND

ENGINEERING at Rajiv

Gandhi Institute of

Technology

DEC 2021 - Present |

Andheri, Mumbai

### V.G. VAZE COLLEGE of Science

HSC - SCIENCE

August 2021 | Mulund,

Mumbai

Percentage: 95.66%

## CERTIFICATIONS

PYTHON PROGRAMMING

Udemy | June 2023

WEB DEVELOPMENT-HTML & CSS

Udemy | July 2023

## COURSEWORK

- Data Structure
- OOP-Java programming
- Python programming
- C programming
- IP- HTML, CSS, JavaScript, React js
- Database Management System
- Data Warehouse and Mining

## INTERESTS

- Fitness
- Food
- Self-improvement
- Gaming
